

St Luke's in the City

150 years - 2009

Celebrating at the Crossroads

3rd Sunday before Lent

8 February 2009

150th !

We have begun our significant milestone year. There is so much for which to be thankful, because of the blessing we know ourselves as a consequence of St Luke's being our spiritual home, and because of the many who laid the foundations and built the fabric and ethos of the parish over the last 150 years.

Our celebrations begin with the Concert Series, the first concert on Sunday 15 February, and will culminate on the weekend of the Feast of St Luke. It remains our hope that our entrance canopy, memorial garden and landscaping plans will take physical form, and be completed so that they may be blessed by +Victoria on St Luke's Day. There are still regulatory and other practical details to be sorted. Funds need to be raised. Wine and greeting cards are already for sale.

But I invite all of us to consider ways in which we might contribute – if you're wondering how you can assist speak with one of the Fundraising Committee (Jenny Drury, Alan Robb, Ian Lothian, Deb Wood, Valerie Osborn).

The 150th will have been 'successful' if everyone in the parish has been able to mark the year in some way which is personally meaningful and relevant – I invite us all to consider what particular contribution we might make.

David
